Dear Paul,

I wrote this letter to share with you how your music has changed my life. But first I would like to share with you a little about myself.

My name is Mary "Treasy" Gasperetti. I recently lost my husband, Charlie J Gasperetti-59, to a life long battle of complications due to diabetes. We were married for 41 ½ years before he passed away on May 21st of this year. Charlie was a very ill man, who suffered throughout most of his life. Even though he was so sick, that never stopped him from losing his positive outlook on life. Anyone who knew Charlie will tell you that he was a very loving, kind hearted, strong willed individual with a great sense of humor and a heart of gold. He cared so much about his family. Charlie taught me and my children the importance of telling others how much you care for them and made our family very close. Near the end of his life, he would tell people that he was so tired of being knocked back down, however that never stopped him from losing his positive outlook and faith throughout those last few months. He would always tell people "Only God knows" and he was always thankful to God for allowing him to live as long as he did. He would tell people that there was others worse off then him and he was grateful for everything he had. When Charlie passed away not only did I lose my husband, I also lost my best friend.

We received your CD as a gift. My husband enjoyed listening to your music. He listened to it almost everyday. One of his favorite song was "I saw Mary."

After Charlie passed I started to listen to your CD everyday. It reminds me of him and makes me feel as if he is there with me listening along. After I listen to your CD, I always feel so inspired and it restores my outlook on life. It also helps me to be a more positive person. Your music makes me feel like I have a purpose in life again and restored the faith in me that I thought I had lost.

I want I to Thank you for helping restore my faith and bring back my positive outlook on life that I have been searching for. I feel that I am back to being that caring and forgiving person I once was. Now when i feel myself getting depressed I put your CD in and listen to it. You definitely helped me get through some of the toughest days. Your CD also helps motivate me to walk longer and work towards improving my health along with my faith. I have a greater outlook on life because of you and I know my husband would be proud of me. My life and Charlie are in God's hands. Thank you once again.

Sincerely grateful,

Mary "Treasy" Gasperetti

P.S. I have also enclosed a copy of the article from News Item on my husband. My family and myself are all grateful for the News Item following my husband's journey for the last few months of his life, the one enclosed was the first one published.
