Rev. Larry Duncklee

April 12, 2010

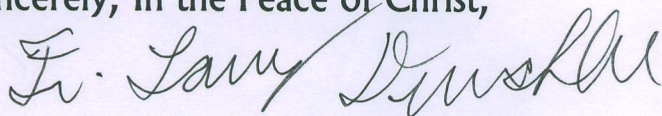

To Whom It May Concern:

This past weekend we had the privilege of hosting Paul Koleske at our parish for an Inspirational Music Concert Weekend. He played a few songs (Meditation, Offertory, Communion, etc.) before and during each Mass – even at the Hispanic Mass, which did not seem to bother anyone, since it was in English. The music was calming and meditative. It was welcomed by the parishioners, even the early morning Mass that normally has no music.

In the afternoon he performed a Concert that was more of an inspirational/witness meditation with some songs played to accent the witness. All of our parishioners who attended were moved by it and thanked me for having him here.

If you are looking for a little something different to add to a weekend in your parish you might want to contact Paul or you can contact me for further information.

Sincerely, In the Peace of Christ,

Rev. Larry Duncklee
